Retail rents in the Columbus Market were rising at a 3.7% annual rate during the first quarter of 2022, and have posted an average annual gain of 2.2% over the past three years. In addition to 460,000 SF that has delivered over the past three years (a cumulative inventory expansion of 2.6%), there is 72,000 SF currently underway. Vacancies in the metro were somewhat below the 10-year average as of 2022Q1,

and trended slightly down over the past four quarters.

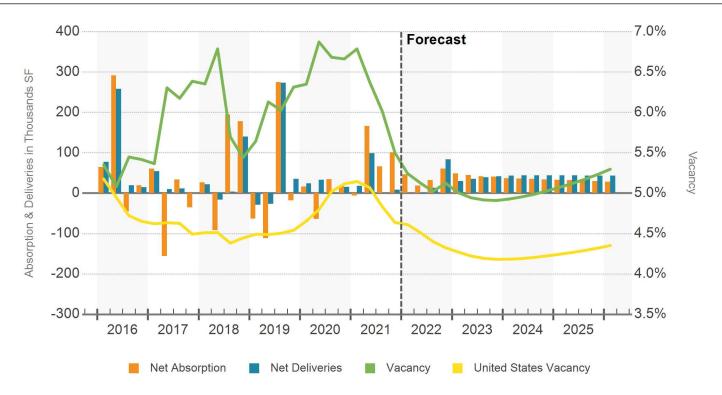

Nonfarm payrolls in the metro were recently increasing at an annual rate of 1.7%, or a gain of about 2,000 jobs. While not a truly outsized gain, it's a welcome performance given that employment posted a decrease of 4.4% at one point during the past twelve months.

Fort Benning is the largest economic driver in Columbus, Georgia, as more than 100,000 people are either stationed at the base or employed directly by it. The 182,000-acre military facility extends from Chattahoochee County, Georgia, into Russell County, Alabama, and the base has an estimated \$4.8 billion annual impact on the regional economy.

The presence of Fort Benning helped insulate Columbus from the economic effects of the coronavirus pandemic, but the metro's employment recovery has been lackluster. Initial job losses in Columbus were not as severe as the national average on a percentage basis. However, as of November 2021, total employment in Columbus was still about 2.5% below its pre-pandemic peak. Columbus has underperformed the Georgia state average over the past several months.

Columbus is home to the headquarters of insurance giant Aflac, which employs roughly 3,800 locally. Other top employers in the area include TSYS (5,500 workers) and the Muscogee County School District (5,100).

Columbus has also scored a few notable wins since the onset of the pandemic. Healthcare logistics provider Path-Tec is adding 350 jobs in a local expansion, bringing the firm's total headcount here to roughly 565 workers, and commercial refrigeration product provider Kysor Warren Epta is adding 200 jobs in an expansion, as well.
